# TAMA FIELDSTAR MARCHING DRUMS

TAMA's uniquely engineered Fieldstar Marching drums offer features designed to deliver top-level tone and playability, maximizing any ensemble's performance potential. Each instrument is expertly crafted to maintain its precise shape at even the highest tunings. Each drum's maple shell delivers and maintains superior tonal quality, resonance, and responsiveness under the most intense performance conditions and temperature changes.

## SNARE DRUM SPECS:

- 5mm, 6ply Maple shells
- 12 lugs with Aluminum tube pipes
- Low profile strainer
- Less stress with free floating and detachable gut frame
- 6mm strong tension rods with double washers
- Lightweight Magnesium batter side edge ring for super high-pitch tuning
- Bottom side edge with reinforcement ring
- 11 Guts with Detachable Gut frame
- 2 Buzz Killer Mutes included
- Aluminum die-cast hoops
- Chrome hardware
- 2 aluminum legs prevent damage to the bottom hoop
- 19 available finishes (18 lacquer / 1 wrap)

**MS1409TSBK**  
14"x9" Snare Drum in Satin Black

**MS1412LDPP**  
14"x12" Snare Drum in Deeper Purple

## TENOR DRUMS SPECS:

- 5mm, 6ply Maple shells with reinforcement rings on batter side
- Toms shell depths:
  - Spock - 6"x5.5", 6"x7", 8"x7"
  - Standard - 8"x7.5", 10"x8", 12"x9.5", 13"x11", 14"x11.5" with Power Cut
  - Corps - 10"x9.5", 12"x11", 13"x12.5", 14"x13" with Power Cut
- Die-cast Aluminum lugs
- Number of Lugs: 6" = 4, 8" = 5, 10" = 6, 12", 13", 14" = 8
- 2.3 mm Steel Mighty hoops
- Edge guard included
- Clear painted to protect inner shell
- 19 available finishes (18 lacquer / 1 wrap)

# TAMA SAFETY LOCK MARCHING STANDS

These stands are easily height adjustable, and they offer 360 degrees of movement, allowing for exact positioning and complete stability. The center of gravity design actively prevents drums from tipping over, while the legs can adjust to allow for a stable setup on uneven terrain or in stadium seating. A multi-lock clamp also enables these stands to lock securely to a stadium seat for unmatched stability.

**HMTN79WSZ**  
Tenor drum stand  
(not for solo Tenor)

**HMSD79WSN**  
Snare drum stand

**HMBD79WSM**  
Bass drum stand

**MLC79**  
Stadium seat clamp/  
multi-lock clamp

**HMBD79WS2**  
Safety Lock Bass drum basket

## SPECS:

**Stable Set-up System:** Safety lock mounts on Snare and Tenor stands, center of gravity positioning, adjustable 2 front legs (maximum height is 10"), All marching stands include a MLC79 Multi-locking stadium seat clamp.

**Anti-shake System:** Snare: anti-shake bumper Tenor: anti-shake support bar

**Setting support system:** Snare: upside down setting option for bottom head tuning and mute adjustments. Tenor: positioning bar.

Center of gravity position

Adjustable 2 front legs

# TAMA SILVER ARMOR DRUM CARRIERS

Providing maximum adjustability, comfort, and durability, each carrier comes equipped with adjustable height, shoulder pipes, and back support. All of these adjustments can be made with a drum key, and they feature a dual locking system to secure the drums to the carrier, which ensures stability during even the most physically demanding performances. High quality belly and shoulder pads are also easily removed for machine washing.

**CSASDT**  
Snare drum carrier

**CSATNT**  
Tenor drum carrier

**CSABDT**  
Bass drum carrier

**CSABSB**  
Carrier back support belt

## SPECS:

**Perfect Fit Carriers:** Sliding height adjustment. Movable pad. Shoulder pipe adjustment. Backrest adjustment. All carriers have hooking type joints with Safety lock mounts. All drums lock to carriers.

**Upgraded Pads:** Shoulder pads and belly pads are 50% lighter, breathable and machine washable. Made from 34mm thick closed cell memory foam with a soft nylon outer shell. Shoulder and back pads swivel to contour body shape.

**Drum Positioning:** Snare and Tenor (Positioning bar) Bass (Two-way support bars)

**Drum Lift Bumpers:** Snare and Tenor drum lift bumpers stop drums and carriers from touching when drums are lifted up.

Safety lock mount (US PAT.NO. 8420919)

# NEW BERGERAULT PERFORMANCE SERIES FIELD FRAMES

New and improved Bergerault field frames are built around an upgraded gas height adjustment system, telescoping 1.5" square accessory rail, and 8" solid rubber wheels with swivel-lock brakes. They also feature a sleek, streamlined design that makes them particularly useful in tight performance situations where space is at a premium. They provide a reliable and sturdy foundation for keyboard players in any ensemble.

IMPROVED

The 1.5" square accessory rail allows for attaching cymbal arms and other percussion accessories. The rail sits in a higher position, allowing for the use of shorter boom arms, and it telescopes forward and back for perfect positioning.

Gas tubes make for effortless height adjustments. The desired height can be locked into place using a spring loaded pin and wingnut. Additionally, the height adjustment tubes are lined and numbered to help easily replicate setup and ensure both sides are set evenly.

The 8" rubber wheels are designed for strength, durability and ease of movement over different terrain and surfaces. The swivel-lock brake system fully locks the wheel for secure positioning of the frame on any surface.

SOLID FOUNDATIONS

# BERGERAULT PERFORMANCE SERIES MARIMBAS

Offered with Honduran Rosewood or Techlon bars, performance Series Marimbas project flawlessly in both outdoor and indoor settings. The bars' natural timbre when combined with the Charcoal powder coated resonators, deliver a superb, rich, and resounding tone, offering superior balance and complexity.

### KMPR45D

- 4.5 Octave, F2-C7
- Graduated Honduras Rosewood bars
- Charcoal powder coated resonators
- Gas height adjustment
- Telescoping 1.5" square accessory rail
- 8" rubber wheels with swivel-lock brakes
- With cover

### KMPS45D

- Graduated Techlon bars

### KMPS43D

- 4.3 Octave, A2-C7
- Graduated Techlon bars
- Charcoal powder coated resonators
- Gas height adjustment
- Telescoping 1.5" square accessory rail
- 8" rubber wheels with swivel-lock brakes
- With cover

### KMPR43D

- Graduated Honduras Rosewood bars

Graduated keys

Tunable resonators (4.5 Octave)

# BERGERAULT PERFORMANCE SERIES VIBRAPHONES

These instruments feature the finest quality aluminum alloys crafted to produce rich sound, complex timbre, and outstanding retention of tone. Custom-sized aluminum bars deliver unparalleled pitch stability for both indoor and outdoor performances. Charcoal powder coated resonators contribute to an intense resonance that generates a rich, encompassing sound. Performance Series Vibraphones are also available with and without motors.

### KVPS35D

- 3.5 Octave, C3-F6
- Graduated Silver finish Aluminum bars
- Charcoal powder coated resonators
- Variable speed motor
- Extended damper pedal
- Gas height adjustment
- Telescoping 1.5" square accessory rail
- 8" rubber wheels with swivel-lock brakes
- With cover

### KVPS30NBD

- 3.0 Octave, F3-F6
- Graduated Black finish Aluminum bars
- Charcoal powder coated resonators
- Extended damper pedal
- Gas height adjustment
- Telescoping 1.5" square accessory rail
- 8" rubber wheels with swivel-lock brakes
- With cover

  - 8" rubber wheels with swivel-lock brakes
  - With cover

- GV**
- 2.5 Octave, F5-C8
  - Steel bars
  - Vinyl covered wood case

# TAMA 36" x 22" FIELD BASS DRUM

Large and powerful with clearly defined low-end, TAMA's field bass drums deliver a solid tonal foundation for every performance. The 36"x22" 9mm Maple shell generates superior resonance, along with a wealth of authoritative low-frequency response. Twelve high-quality lugs on each side securing two carefully crafted Maple hoops ensure precise tuning and stability.

## BSBD04TD

- 9mm, 8ply Maple shell with Mahogany outer ply
- 36"x 22" shell size
- 12 lugs on each side
- Remo Fiberskyn drum heads
- Full suspension Bergerault field frame
- Tilt release handle
- 8" rubber wheels with swivel-lock brakes
